

Hi everyone!

We are so excited you have chosen to spend the week with us! In hopes of making it the best week possible here are a couple things we want you to know!

This year is all about what makes us ONE! Come prepared to have a great time, build relationships and grow in your walk with the LORD.

A friendly reminder that every year we do a couple activities that may get you a little dirty, please pack accordingly. A grubby pair of sneakers and a few outfits to be active in are a great idea!

We are excited to be doing passion projects again this year. We listened to you and tweaked the way we will celebrate them at the end of the week. With that being said you will get a chance everyday this week to do what you love. The choices this year are Adventurers, Artists, Athletes, Gamers, Musicians and Stoytellers. Please bring any supplies or gear you have to participate in these electives. (Unfortunately you will not be able to play an instrument in the musicians group **IF YOU DO NOT** bring your own, except for drummers)

Please show up Sunday ready to have the time of your life! We can't wait to see you!

Rick Moore
