

Safari 1: June 4-8

Safari Camp maximizes everything Butler Springs has to offer. Safari Campers get to use the zip line, big swing, rock climbing wall and swim in the pool at the main camp. But instead of sleeping in the dorms, they will get to sleep in huts in the woods a short walk from the camp. Campers will also have the opportunity to enjoy God's creation by hiking through the scenic forests around the camp, eating food cooked over an open fire, and even rafting down the Little Miami River. And as young people do this, they will also learn about Jesus- how much he loves them and what he has in store for their lives.
