

Dear Canadian Outbacker!

We have been waiting to hear the word that Canada would again open its borders to do the adventure that we have in the past. However for the third straight year they have implemented restrictions that make it too restrictive for us to go. So as we have done the last two years we have come up with an alternative adventure... wait for it...

We are teaming up with a camp in Pennsylvania to do adventure activities in the Laurel Highlands area. It is an area in the Appalachian Mountains with access to beautiful mountains, rivers, cliffs and camping. It is a site that will give us a great time of exploring and adventuring in a truly unique and exciting way.

The staff this year include Gus Denzik (Adventure Trip leader at BSCC for 28 years) and Jay Humphreys (5 Years). We are still planning a great experience. Attached please find the packing list and essentials for a great camp experience!

Our theme verse this year is Hebrews 12:1 Therefore, since we are surrounded by such a great cloud of witnesses... Pray with us about how God will show us truth in these beautiful places, with awesome people and through His powerful word!

In Christ,
Gus Denzik
